

Northwind Analytics: Dana Reyes

Tue 6 Oct 2026 • 10:00

Goal: Discovery

Agenda: None sent

Also attending: Sam Okafor (Solutions Architect)

DELEGATE

Send the data & analytics lead, not you.

Right topic for the reporting refresh, but local delivery and product references are unproven.

58/100

THE ASK

- 45-minute intro on their managed analytics platform; no agenda sent.
- Email mentions a “free readiness assessment” for the reporting refresh SELF-CLAIMED

WHO THEY ARE

- Data platform consultancy, ~300 staff, HQ abroad; regional office opened 2025 THIRD PARTY
- Gold-tier partner for the target BI platform VERIFIED
- Two named regional clients, neither on this product line SELF-CLAIMED
- No sanctions, litigation or adverse news found.

WHO'S IN THE ROOM

- Dana Reyes**, Regional Director, 14 months in role; previously sales lead at a hardware reseller SNIPPET
- Sam Okafor**, Solutions Architect; profile lists a different employer until 2026 SNIPPET

HISTORY & FIT

- No past contact in notes or mailbox.
- Fits the live *Reporting refresh* project, discovery stage, decision in Q1.
- Not a likely bidder on any active procurement.

SCORE

Fit

Right topic; platform capability unproven 20/35

Credibility

Partner tier verified; references are not 13/25

Strategic value

One of several capable partners 15/25

Timing

Useful before Q1 scoping 10/15

WATCH-OUTS

- Local delivery unclear: regional office may be sales-only.
- “Free assessment” can become an informal scope that shapes a future tender.
- Architect's employer history doesn't match the company site.

MEETING PREP • DISCOVERY

- How many delivery staff are based in-region today, and on which projects?
- Name two clients running this product line in production. Can we call them?
- Who would lead delivery, and are they employed or subcontracted?
- What does the readiness assessment produce, and who owns the output?
- Which platform versions and data sources have you migrated before?
- What would a 90-day pilot cost, in outline only?

Don't commit to: a free assessment, a pilot, a follow-up with you, or sharing current architecture documents.
